A nomadic, relatively peaceful people, the Jyn Faisha are a species of traders and merchants who wander the starlanes in search of goods and opportunities.

The Jyn Faisha have no home planet of their own, save in ancient myth. In modern times, they wander the vast expanse of the galaxy, carrying their people in massive, (generally ancient) warp-capable city ships. Each of these space-going leviathans is unique; even-near sisters have been customized by their inhabitants to suit their own needs. Jyn city ships are capable of speeds in excess of Warp Four, and carry tens of thousands of people, and are (for the most part) self-contained, with extensive manufacturing and repair capabilities.

Defending such massive vessels is a challenge, even for people born to space, and so the Jyn maintain a vast support fleet of small runabout-style starcraft and fighters. The city-ships in themselves boast a staggering variety and number of defensive armaments.

Erain is a custom-built Jyn Faisha city ship of indeterminate age. One of the smaller city-ships, Erain is home to 19,000 people, and the seat of Clan Erain. As of 2389, she was known to be operating in the Thelonis Sector.

Like other city-ships, Erain is the centerpiece of a clan convoy, and is nearly always surrounded by a small fleet of allied vessels. This fact, coupled with the ship's formidable defensive weaponry, ablative armor, and excellent shielding, making Erain a very difficult target.
