

Jyn Faisha Courier/Fighter

Production Data

Origin: Jyn Faisha
 Class and Type: Series 6 Courier
 Year Launched: 2385

Hull Data

Size: 2, 1 decks
 Dimensions: 18 x 22 x 3.65 meters
 Structure: 10
 Crew: 2
 Atmospheric Capable: Yes

Operational Data

Transporters: 1 ea standard,
 emerg., and cargo
 Cargo Capacity: 4
 Tractor Beams: 1av
 Sensor Systems Class 4 (+4/E)
 Operations Systems Class 1 (B)
 Life Support Class 1 (B)

Propulsion Data

Impulse Engines: FIG-2 (.85c)(E)
Warp Drive: LF-12 (Warp 5 /
 7 / 9) (D)

Tactical

Phaser Array Type VI (x1/B)
 Penetration 3 / 3 / 2 / 0 / 0
Photon Torpedo Mk 50 DF (x1/B)
 Penetration 3 / 3 / 3 / 3 / 3
Deflector Shields FSR-2 (B)
 Protection/Threshold 13/3

Miscellaneous

Maneuver Modifiers -2 C, +3 H, +1 T

Traits

Vulnerable System (Impulse)- The impulse engines on the Series 6 courier are vulnerable and prone to damage. For every point of damage they sustain in combat, mark off two boxes on the damage track.

The Jyn Faisha Series 6 courier is a small, robust vessel designed to serve as a combination small transport, fighter, and scout and can be found moving small cargoes and personnel throughout the Jyn Faisha's area of influence (essentially, anywhere in the Alpha and much of the Beta Quadrant). Nimble and forgiving, the Series 6 is easy to maintain and to modify, and is well-armed for its size- but is also cramped and austere. Individual owners/operators frequently customize their vessels in an attempt to improve habitability.

Satra is a Jyn Faisha Series 6 courier belonging to the Jyn Erain, and serves double duty as a small transport, fighter, and scout.
